PHOTOGRAPHED BY RAPHAEL

In the heat of the night,
way down yonder in New Orleans,
Alison waited,
like a cat on a hot tin roof.

Ah, but he must never know . . .
must never even suspect how
much she cared for him. If
only the cheque hadn't bounced.

And what of Lobellia? Her heart caught in her throat at the thought of the misunderstandings that lay in store . . .

He stood in the doorway.
"Frankly, my dear," he snarled,
"I don't *give* a damn!"
'Oh well,' she thought, 'might
as well have a wank then . . .'

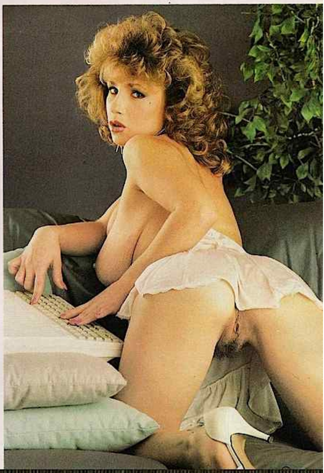
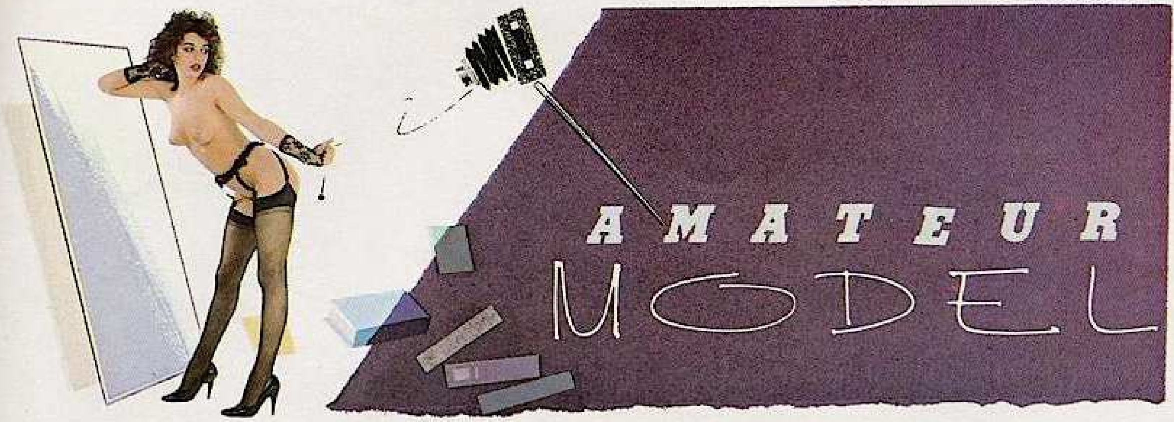
Coralie

Coralie is 19 years old, 5'4" tall and her figure, for the more numerate amongst you, is 35-23-35. And she's American. Lives and, occasionally, works in Los Angeles — down Hollywood way. So far she's been up for a couple of small parts in the 'soaps' — but no luck yet. Which explains why she's modelling for us. Keeps the wolf from the door, etc.

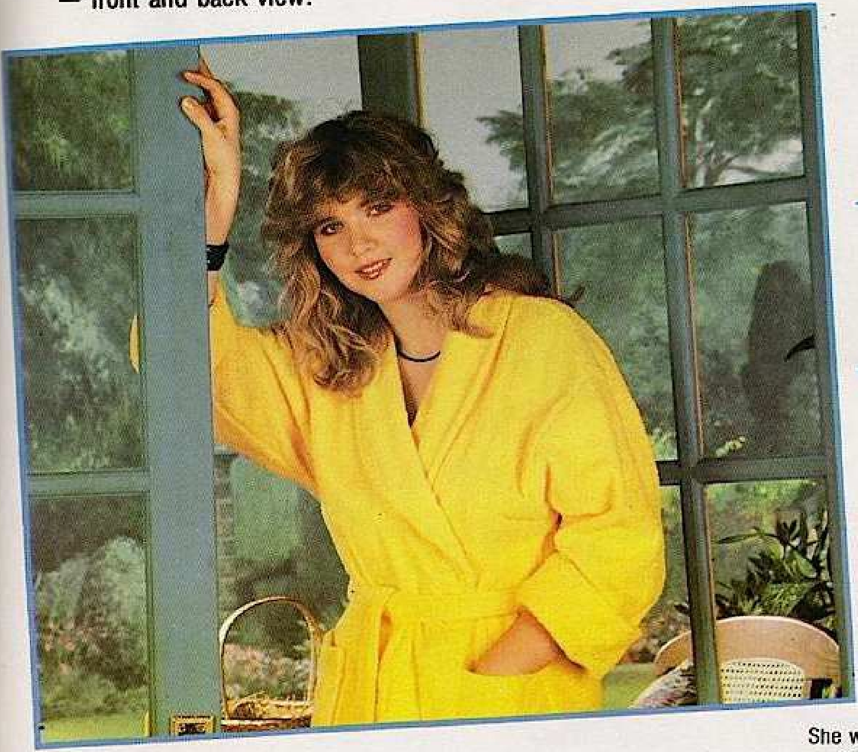
We rather hope she gets a part soon. Not that we wish to lose her services, you understand. But she'd look wonderful in Dallas. Come to that, she'd look wonderful behind the bar in the Rover's Return. Or reading the news. Or just standing there smiling. Why not cut out one of these pictures and paste it on the front of your telly? Oh well, please yourself . . .





AMATEUR MODEL

This girl did it — so could you. If you think you could make it as one of our Amateur Models, fill in the form below and send it in with a few rude nude pictures of yourself. Polaroids will do, at least two completely nude — front and back view.



Eva Jansen

PHOTOGRAPHED BY JACK ROGERS

Let us state at once that Eva is not a cliché, meaning she's not an au pair. She was well on the way to completing a degree in something stern and scientific and came to England to polish up her English. She went to Twickers to see a rugby match with some friends, met a charming young Englishman — and married him a month later. Quite romantic, these Swedes!

Sorry — competition over. But we'll still pay you £200 for a day's modelling in our studios if we like your polaroids or prints. And £25 to the friend of photographer who took them. If you fancy getting into glamour modelling, there's no better way to start. So why not have a go . . .

She's 20 years old, 5′ 9″ tall and has a very nice 36-25-37 figure. And that smile is only the surface glitter of a bright and charming personality. Quite romantic, we caption writers! A very lovely lady married to a very lucky bloke. Still, enough of this sickening sentimentality. The big E has asked me to mention that single girls who are kinky about sagging, middle-aged, editorial drunks are also invited to apply . . .

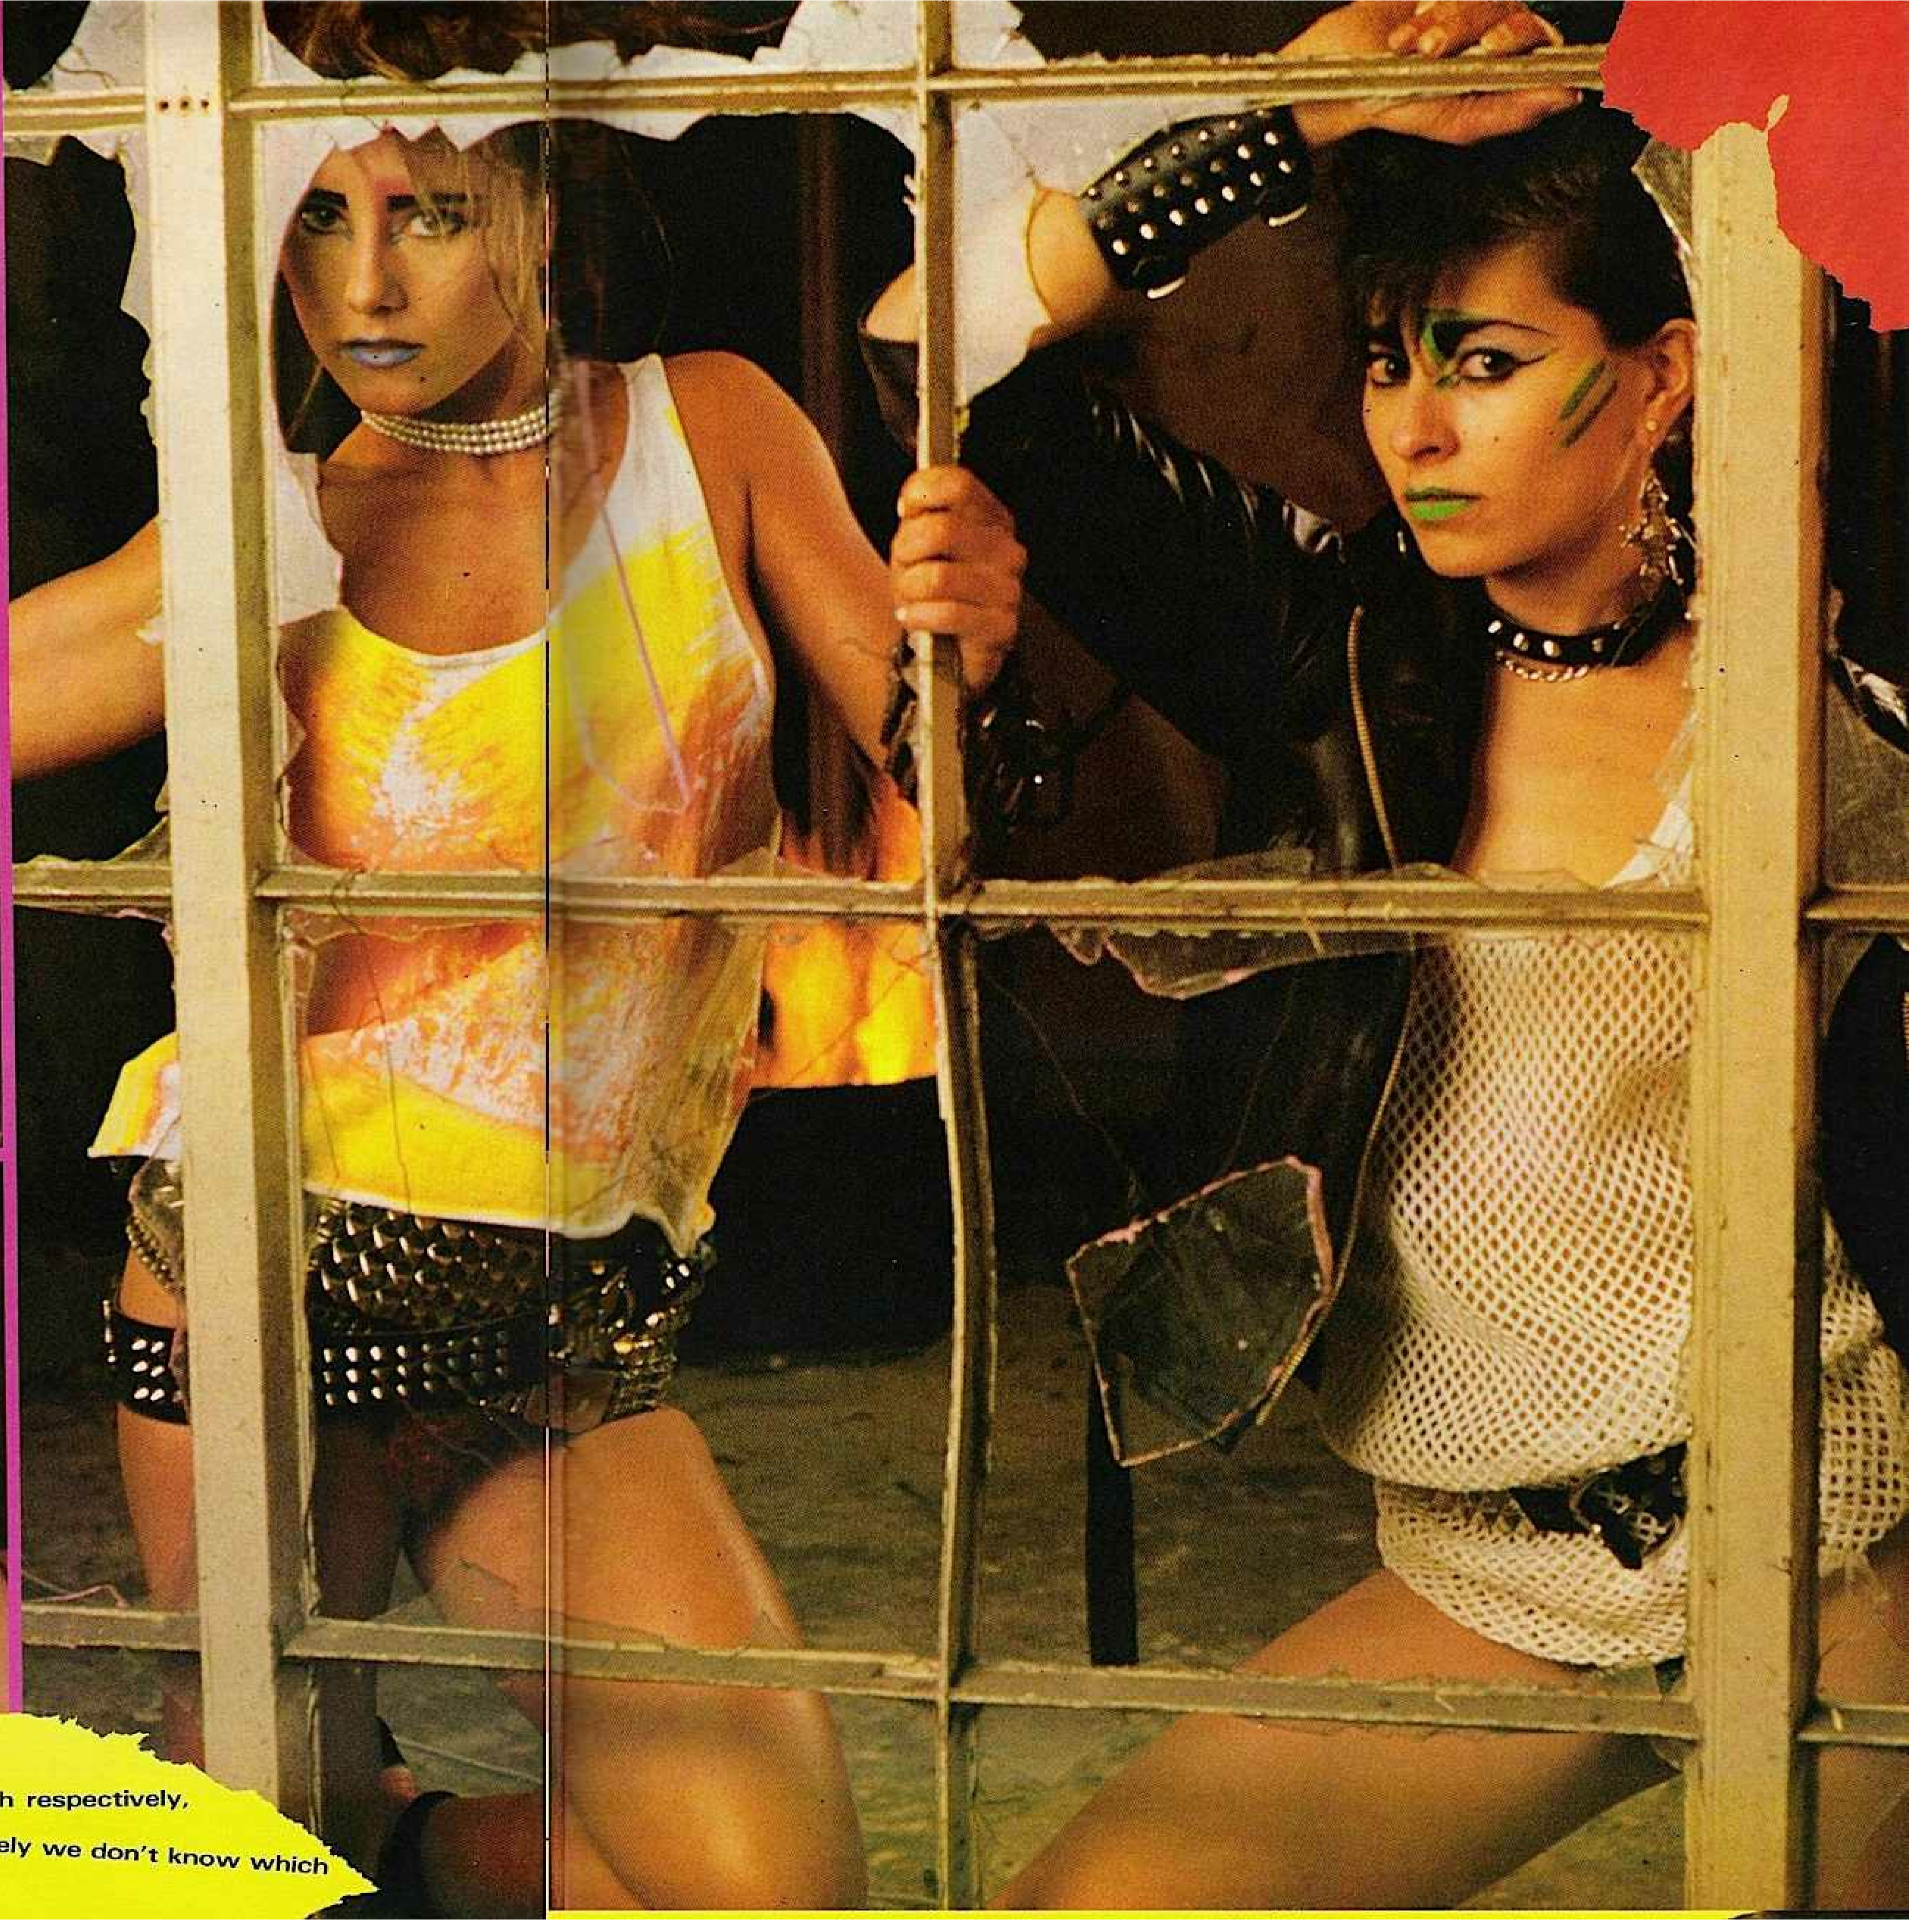
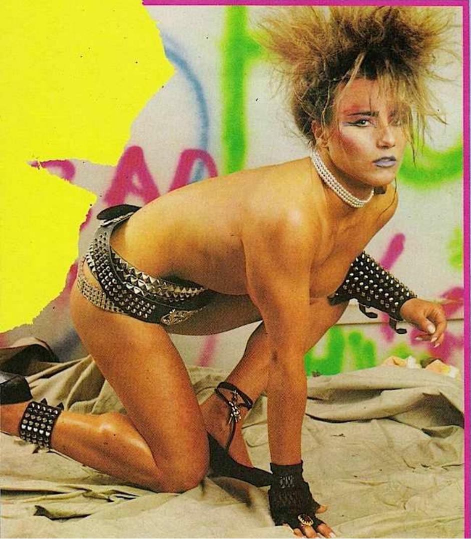
MINA + TINA

The Editor of Fiesta is furious. "I'm going to have a punk model in my next shoot," he announced, spitting in our beer. "And we're going to dye her pubes green as well!" So, with unconcealed glee, we showed him these pictures we'd just bought from a Dutch photographer, and are hereby rushing them into print so he can't steal our thunder.

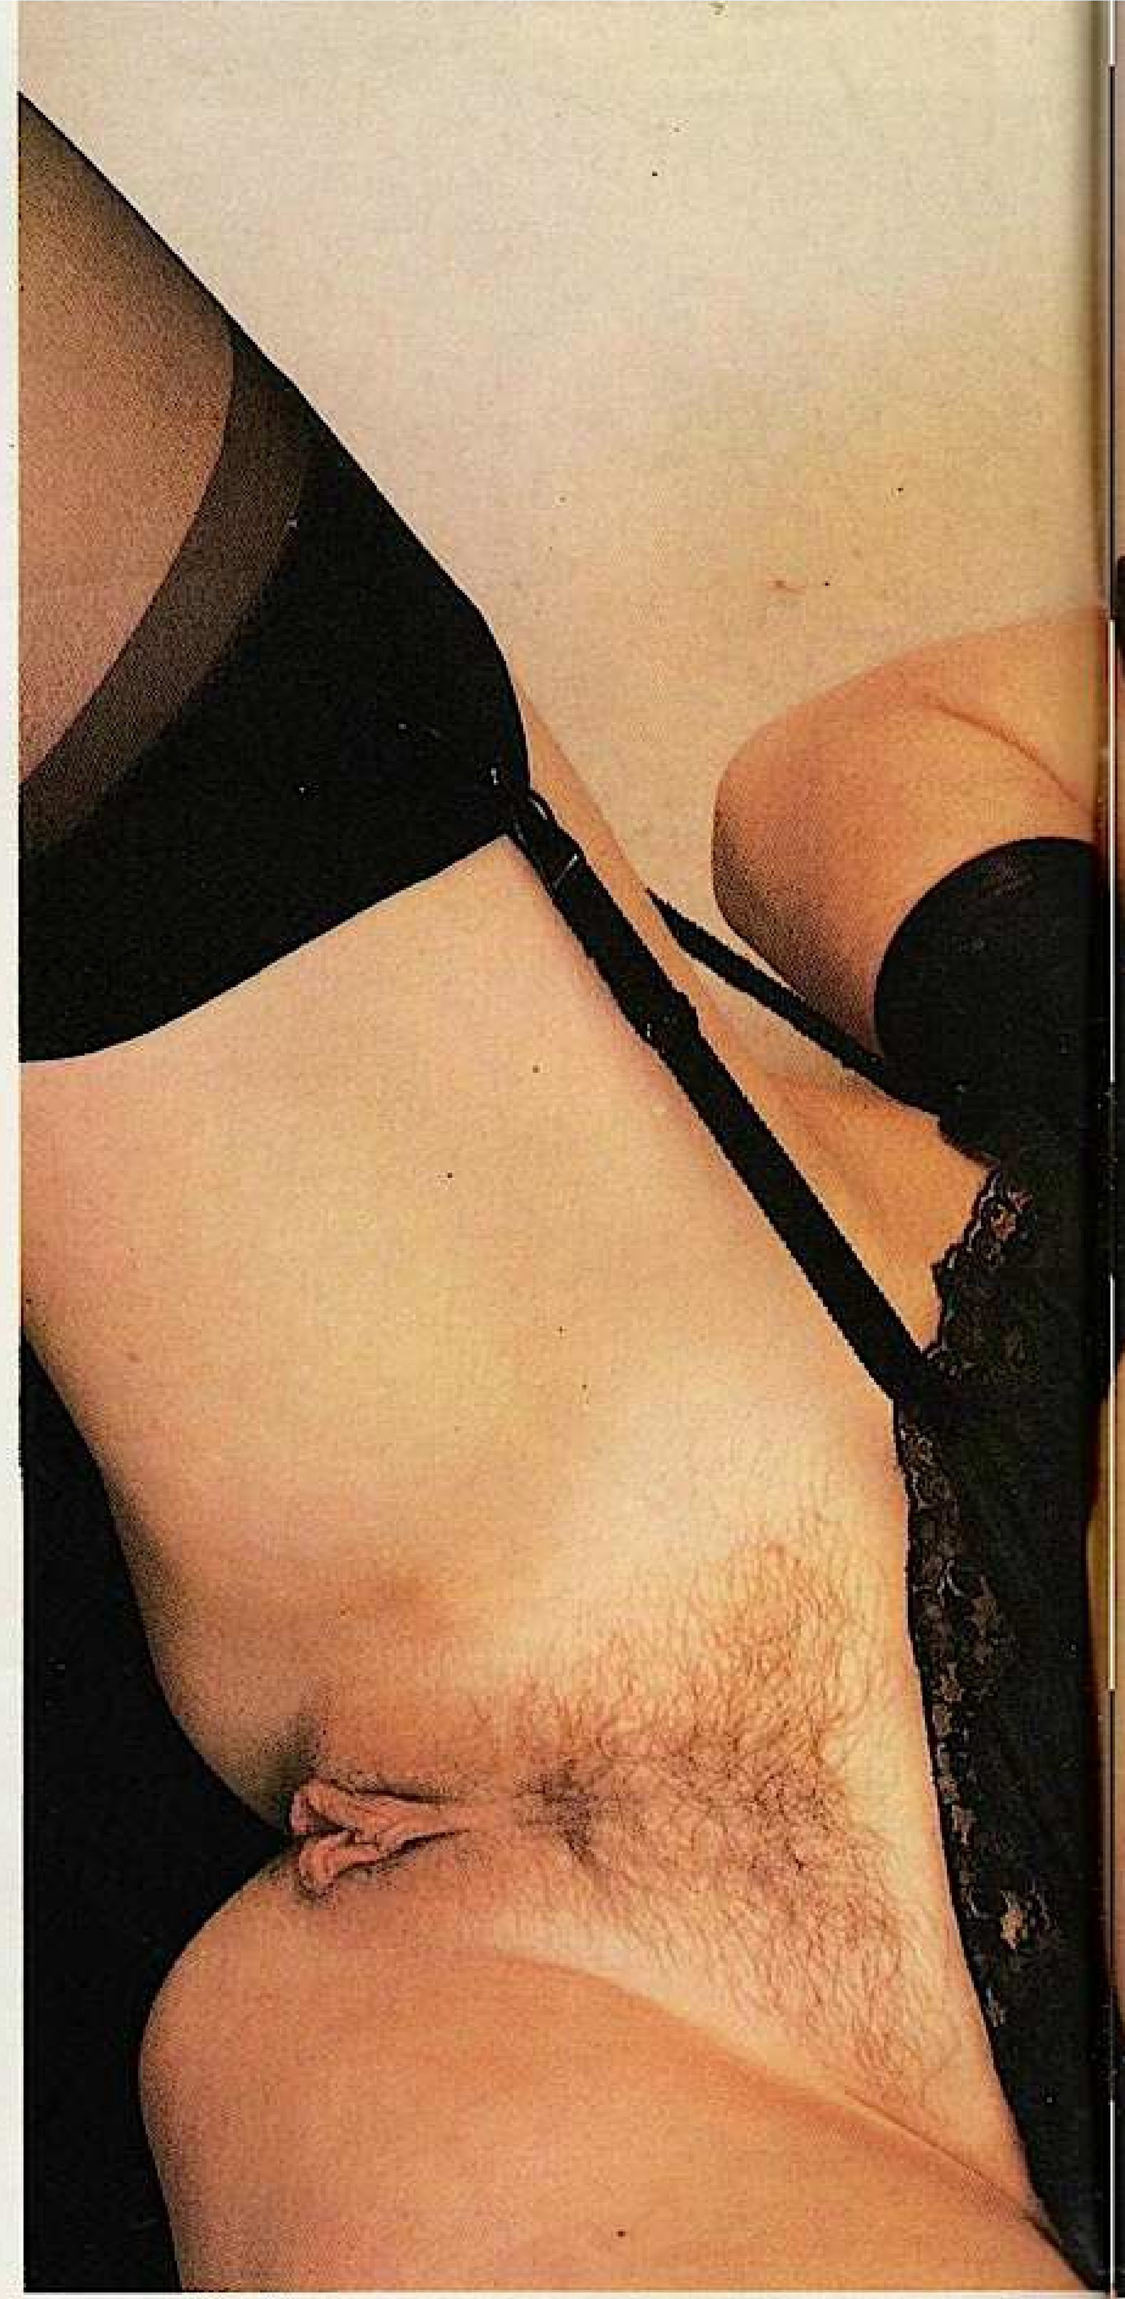


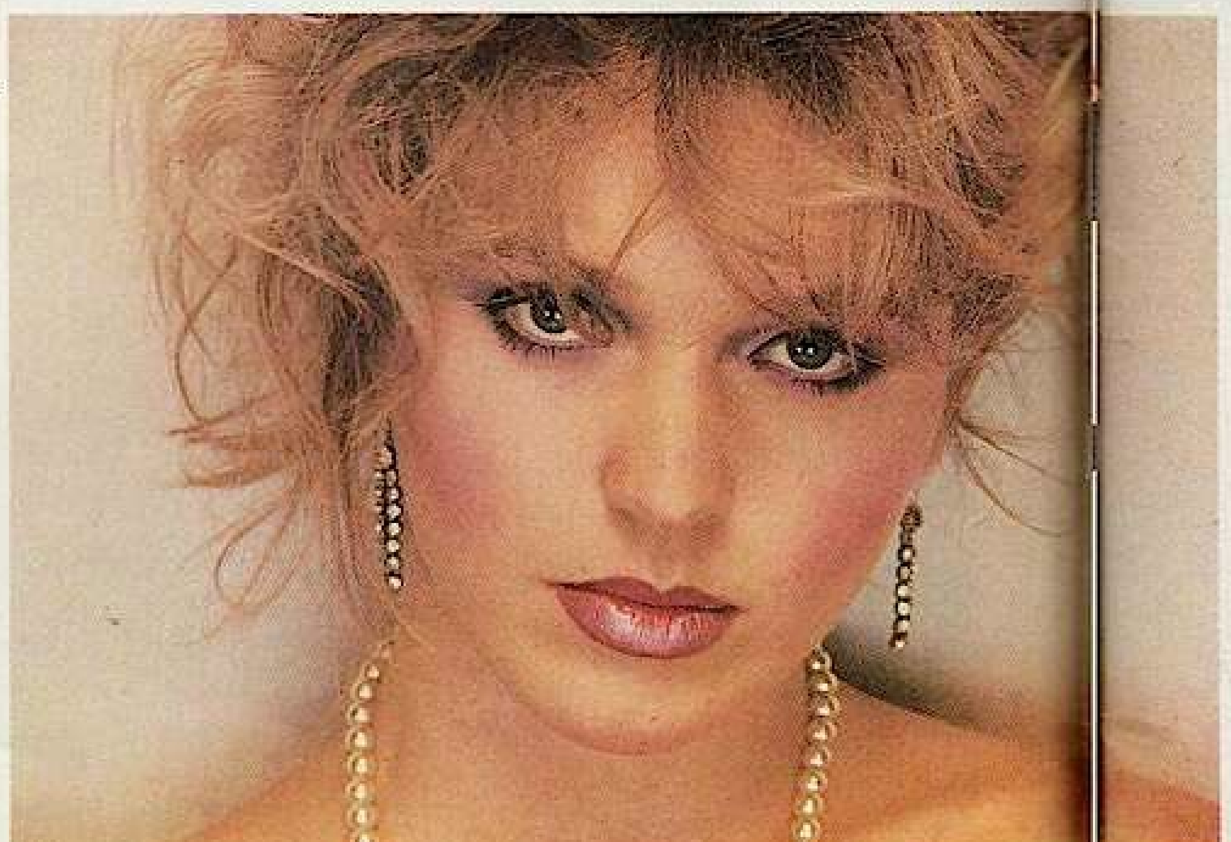
The ladies are Minnette and Tineke, French and Dutch respectively, and they live and work in Amsterdam. But un fortunately we don't know which is which — sorry.



Nikki

PHOTOGRAPHED BY IAN POTTER





For those of you who worry about such things, Nikki first appeared in Knave Vol. 16 No. 1, in the 'Clock' set. For those who don't — here she is looking better. Good old 'Pots' has come up with goodies of a superior nature once again — this is one set she'll definitely be putting in her scrap book; Nikki is 5' 8" tall, comes from Kent and is now firmly based in London. As a model she's a true professional. As a lady she's as sophisticated as she looks. And as a matter of fact she has a steady boyfriend. Damned shame, that; if you ask me . . .

COCK TAIL BAR

Yes, indeed, it's another appearance by the first contender in last year's Amateur Model Competition. Steph told us she liked cocktails, so we built her a special cocktail bar. Shame we didn't have any real drinks in it. Still, this no doubt added to the mood of cool detachment assumed by Stephanie, which is of course *de rigeur* for cocktail bars. One mustn't been seen to be enjoying oneself, must one! Not an easy trick for her, actually, as she is prone to giggle a lot, especially when stepping delicately over an equally prone editor . . .
